NEWS RELEASE

NEUSPEED POWER PACK CARB EXEMPT (P-CHIP & P-FLO)

California Air Resources Board (CARB) has concluded testing of the NEUSPEED Power Pack for Audi and Volkswagen 2.0T engines. The Power Pack consists of NEUSPEED Engine Management Software and NEUSPEED P-Flo Air Intake Kit. A high-flow air filter element inside the original air box can be substituted for the NEUSPEED P-Flo Air Intake Kit.

CARB's test results showed that emission levels, with the Neuspeed Power Pack installed, met the applicable emission standards when tested using the Cold-Start CVS-75 Federal Test Procedure (FTP) and the Supplemental Federal Test Procedure (SFTP US06) test cycles. Examination of the OBD II system showed the Neuspeed Power Pack did not affect OBD II system operation.

As a result, the following intake part numbers are exempt per CARB EO #D-236-11 when installed in conjunction with a NEUSPEED P-Chip Engine Management upgrade:

- 65.02.65 - NEUSPEED P-Flo kit Audi A3, TT 2.0T
- 65.10.79 - NEUSPEED P-Flo kit VW Passat 2.0T Automatic
- 65.10.97 - NEUSPEED P-Flo kit VW GLI GTI, Jetta GLI, Passat 2.0T Manual & EOS 2.0T
- 65.10.97R - NEUSPEED RS P-Flo kit VW GLI GTI, Jetta GLI, Passat 2.0T Manual & EOS 2.0T

NEUSPEED P-Chip Engine Management upgrade for the Audi A4 2.0T is also exempt under CARB EO #D-236-11 when used in conjunction with a K&N panel filter.

NEW PRODUCTS

P-FLO INTAKE KIT FOR VW PASSAT 2.0T AUTOMATIC TRANS.

06-UP VW PASSAT B6 AUTOMATIC TRANS
(65.10.79)

MSRP: \$269.95
